TELEGRAPHIC.

AFFAIRS AT CALGARY

DUNDONALD WILL REACH EDMONTON NOV. 28TH.

Calgary Residents Are in Darkness Owing to Destructive Work of Ice Jam.

(Bulletin Special Dispatch.)

Calgary, Nov. 19.—Lord Dundonald will arrive in Calgary on his western visit on November 27th. He will remain here that day, leaving for Edmonton on November 28th, returning here on November 30th to attend the St. Andrew's ball here.

Calgary is still without power and partly deprived of electric lights, and will remain in that condition for the next three months. This is due to an ice jam on the river.

LORD DUNDONALD

Will Visit Edmonton and Calgary Before Proceeding to the Pacific Coast.

Winnipeg, Nov. 19.—Lord Dundonald, commander-in-chief of the Canadian militia, arrived in Winnipeg yesterday and will remain here for five days. While here he will be the guest of His Honor, the Lieutenant Governor at Government House. He will inspect the Royal Canadian Mounted Rifles at Fort Osborne barracks and also the proposed rifle range, drill hall, military school and lower Fort Garry. He leaves for the West on Sunday, and will visit Prince Albert, Regina, Calgary and Edmonton before proceeding to the coast.

SAW MILL FOR EDMONTON

Minneapolis Firm Will Erect a Hundred Thousand Dollar Saw Mill and Plant Here

(Bulletin Special Dispatch.)

Winnipeg, Nov. 19.—The representative of a large lumber firm is in Winnipeg to-day. He announces that his company has made the necessary preparations and will immediately erect a \$100,000 sawmill and plant at Edmonton.

Editor's Note.—Several months ago when the land just across the river and below the bridge was being cleared, it was given out that a Minneapolis lumber firm would erect a large sawmill there. They have purchased ten acres of this property.

WHEAT AND OAT QUOTATIONS

Winnipeg oats, No. 2 white, 28c a bushel.
Fort William wheat, No. 1 northern, 78 cents a bushel.

Winnipeg, Nov. 19th.

WHEAT PRICES ADVANCED.
There was a sharp advance in the price of wheat yesterday.

ANNUAL MEETING.
The annual meeting of the Ottawa hockey club has been held.

SOUTH AFRICAN TRADE.
South Africa has now become one of Britain's best customers.

SHOT IN A DUEL.
The pastor of a Denver Catholic church was fatally shot in a duel.

SHOOT HER HUSBAND.
Mrs. Fred Dabee shot her husband four times at Lakota, North Dakota.

ELECTION RUMORS.
Both political parties in Canada are said to be expecting dissolution.

DUNDONALD IN WINNIPEG.
Lord Dundonald, commander-in-chief of Canada's military forces, has arrived in Winnipeg.

NEW METHOD OF PHOTOGRAPHY.
Winnipeg photographers have discovered a means to photograph by artificial light.

Daily subscribers, as well as Semi-Weekly, will receive the Bulletin's 24-page, illustrated harvest number to-morrow.

LOCAL

Train left Red Deer on time.
Poncha, Oldfellow has organized a lodge.

Weather. Maximum temperature for the past 24 hours, 6 above; minimum temperature for the past 12 hours, 5 below.

—Jos. Maloney is in Edmonton today from Edison, fifty miles north of Edmonton. He is getting supplies for his store there.

—The first calendar of the season was left at this office yesterday by Kelly and Beale. A handsome Christmas scene is shown on the calendar, which is a very attractive one.

—Public meetings are arranged for the evenings of Monday, Nov. 30th, at Fort Saskatchewan, and for Tuesday, December 1st, at Star. The meetings will be addressed by Frank Oliver, M. P., on the more important subjects dealt with during the recent session of parliament.

—The hockey teams had another good practice last night. It opened with a three mile run. After this some excellent dumbbell practice was done through. Providing there is ice, there will be a practice match on Tuesday evening next. The names of the opposing teams will appear in a later issue of the Bulletin.

—At the sale of hogs in Strathcona on Friday last 21 choice animals were sold. The sale was poorly attended owing to insufficient advertising. The carload was not all sold, the remaining 21 will be sold in Strathcona on November 27th. These comprise Yorkshire sows and boars and Tamworth sows.

—H. W. Knott, of Edison, is in Edmonton to-day. This is practically a new settlement, as nearly all the settlers have moved in during the past season. All Edison people speak enthusiastically of that section of country. The older settlers have large crops of fairly good sample this year. There will be a very great increase in land under crop next year.

—J. K. McLean, D.L.S., returned last night from survey work in township 2, range 2, west of the 5th meridian. He was engaged in traversing the shores of some of the numerous lakes in the township. His party is expected to-morrow. Mr. McLean has spent the summer in surveying, first in the Birch Lake district south of the Saskatchewan, and then on the Pembina, near Lac la Poudre. The very wet weather interfered seriously with the operations of the season.

—Prince Albert Times.—L. A. Burgess, of Burgess and Stewart, Saskatoon, is registered at the Queen's. Mr. Burgess is here making arrangements for the starting of cement works in this town next spring. It is the intention of this firm to manufacture concrete blocks, drains and bricks, and also to contract for concrete sidewalks, cellars, etc. They already have an order placed for the necessary machinery. Burgess and Stewart are carrying on their line of business at Saskatoon and purpose opening up at Rosher and Edmonton, as well as at this point.

—Alberton.—The Electric Light Company have just with trouble from the Bow River, which may possibly deprive them of the use of their water power for the balance of the winter. A large ice jam came down the river Sunday morning, completely plugging up their channel and cutting off the water from their wheels. The company will run all the lights they can with their steam power, but a large portion of the residence lights will have to be discontinued indefinitely, until such time as the difficulty can be overcome. Every effort will be made to get the channel open at the earliest possible date.

HOCKEYISTS ORGANIZE

The annual meeting of the Central Alberta Hockey Association was held at Red Deer on Friday last. Representatives were present from Leduc, Wetaskiwin, Lacombe, Red Deer, Innisfail, Olds, Didsbury and Carstairs.

These clubs were divided into four groups.
First, Didsbury and Carstairs.
Second, Innisfail and Olds.
Third, Lacombe and Red Deer.
Fourth, Leduc and Wetaskiwin.

Four teams are to be played by each group. Winners of groups one and two, and three and four to play off home and home games. The winners of these matches to meet at Red Deer for the championship cup donated by the Cigarre Brewing Co. The officers elected were: Patrons A. Rose, M. L. A., P. Talbot, M. L. A., James Simpson, M. L. A., R. B. Bennett, M. L. A., Hon. Pres. M. J. McLeod, Lacombe; Vice, N. M. Trimble, Lacombe; Vice-Pres., W. Bradley, Carstairs; Sec-Treas., A. T. Stephenson, Red Deer; Council, S. McCutcheon, Olds; S. B. Henwood, Wetaskiwin.

BACK FROM REGINA

Mayor Short Returned from Regina last night.—Settlement is Satisfactory.

Mayor Short returned from Regina last night, where he went to represent Edmonton in regard to the extension of its boundaries to include the land in the flat across the river. During the last session of the Territorial Legislature the Strathcona town council through their representative in the Legislature, had a bill passed including lot 17 and lot 19 in their municipal boundaries. The property holders objected strongly to this action and determined to send a representative to Regina, protesting against including this land in Strathcona. Councillor Gallagher went to Regina to represent the property holders. As this land controls the entrance to the bridge which was bonused by Edmonton, the city council decided to take the necessary steps to urge upon the government to have such alterations made as would safeguard the interests of Edmonton. Mayor Short was sent to Regina to represent Edmonton's interests. The delegation left for Regina on Saturday. Mayor Short returned last night and he was successful in getting a guarantee that the necessary amendments would be introduced or special legislation passed, making it binding upon Strathcona to keep the roads through this property to Edmonton in good condition. It was too late in the session to deal with Councillor Gallagher's objections, but both sides of the case will be discussed at the next session of the Legislature.

FIRE IN STRATHCONA

There was great excitement in Strathcona yesterday afternoon caused by an alarm of fire. Fire was discovered in the Immigration Hall about three o'clock. The flames were soon under control and little damage was done. The brigade and a great crowd of people turned out.

FIRE PROTECTION

The Edmonton fire protection system is rapidly assuming a large measure of perfection. The hydrants of the waterworks system have been distributed with the end in view of serving every portion of the town. Additional hydrants are being installed. The fire hall on Fraser avenue is well fitted with modern and up-to-date fire protection appliances. There is a Roland steam engine with a throwing capacity of seven hundred gallons a minute. There is also a small chemical fire engine of forty gallon cylinders. An excellent hose wagon, dispensing with the old-fashioned hose reels, and fitted with a set of drop harness, carries fifteen hundred feet of hose. There is also an excellent hook and ladder truck. The system has four thousand feet of first-class hose. With this and the fifty-two hydrants scattered over the various parts of the town, almost every house can be reached. The brigade takes a great deal of pride in the fire team which are a large, handsome and intelligent pair of greys. A new hook and ladder truck and a new chemical fire engine will shortly have to be added and this will necessitate the purchasing of another fire team.

The volunteer firemen, who number forty-one, take very commendable interest in this work, and to this fact is doubtless due the present perfection of the system. Eleven men have their sleeping quarters in the fire hall. The following are the officers of the fire brigade: Chief, T. G. Lauder; Assistant Chief, J. Johnston; Captains, H. Nash, W. Grimshaw, H. Lyons, and Geo. Farlow; Secretary, H. W. Heathcote; Engineer, C. Torgeson.

SUPREME COURT

An interesting case came up in the Supreme Court on Tuesday afternoon. Baxandall vs. Galley. Baxandall sued for the recovery of a twenty-five dollar bet from the stake holder, Galley. The lawful deciding of the bet was questioned. The evidence did not show that the plaintiff asked for a return of the money before it was paid over to the other party by the stake holder. It was held that it was now too late for the plaintiff to recover it from the stake holder. Judgment was given for the defendant. N. D. Mills appeared for the plaintiff, and J. R. Boyle for the defendant.

Yesterday the first case to come up was Crafts and Lee vs. Potter and McDougall. It was a suit for the balance of an account. The defence held the action, if any, should be against A. E. Potter and not the firm. The judgment was however, given for the plaintiff. N. D. Beck appeared for the plaintiff, and C. W. Cross for the defence.

A number of court cases were heard. Brunelle vs. Anderson. Action for fifty dollars commission. Judgment for \$25 was given the plaintiff. N. D. Beck, appeared for the plaintiff and J. C. F. Bown for the defendant.

Brunelle vs. LaRose. Action for \$63. Judgment for the plaintiff for \$80.

Henderson vs. Ellett. Action for \$75. This was a very interesting case and turned on the identity of a horse. N. D. Beck appeared for the plaintiff and P. C. Janes for the defendant. Judgment was reserved.

Tipton vs. Strubert. Action for \$25. N. D. Mills appeared for the plaintiff and C. de W. McDonald for the defendant. Judgment was given this morning for the plaintiff.

DECEASE FROM FROST.
Stockholm, Sweden, Nov. 17.—Professor Paul Hellstrom, chief of the Biological Institute at Lulea, has discovered a process by which the seeds of oats, barley and a number of small grains may be rendered immune to the action of frost.

—Rattray Bros. passed through Edmonton today with their large traction engine threshing outfit. They are going out the St. Albert trail to commence threshing operations.

HIGH PRICED BUTTER

At the West of Scotland Dairy Show held at Kilmarnock, Ayrshire, two weeks ago, there was a butter-making competition which was very strongly contested. After the competition was over, the butter made by the champion contestant was offered for sale by auction and sold to a local merchant for the nice sum of twenty-one shillings and sixpence per pound, or five dollars and fifteen cents per pound.

VANCOUVER NOMINATION

Vancouver, B. C., Nov. 17.—Nominations were received yesterday for the bye-election Wednesday necessitated by the Hon. Chas. Wilson's acceptance of the attorney generalship, throwing a straight party duel between Mr. Wilson and the Liberal choice, Captain J. Duff Stuart, neither the Labor nor Socialist party accepting the Conservative advice to enter candidates.

Premier McBride is quoted this evening as saying that he will accept Vancouver's verdict and if it is against him he will place his resignation in His Honor's hands forthwith, in preference to giving John Houston the satisfaction of administering the coup de grace in the House.

WHITE WHALE LAKE

The winter comes on slowly this year, though the ground is frozen hard and sheets of water are coated over. The snow will be welcome. Almost every settler is as busy as he can be getting up new houses or stables; and every one is thankful for the beautiful weather we are enjoying, enabling greater progress being made.

The yield of grain and vegetables was fairly satisfactory here, though frost did some damage. Those who escaped the frost were those who had their crop on higher ground and got it in early, this ground having been all plowed.

Within the past year there have been several "arrivals" in our settlement of "wee ones" to brighten and make more joyous the home.

The return of Mr. McDougall, lumberman, from a trip up the river, brings an emphatic confirmation of the statement of magnificent prairie land, rich, well cleared and gently rolling, beginning about eight miles up above the "goose encampment," where there is a half-breed settlement. Doubtless there will be a rush that way next season.

The steady tread of the bushmen is heard almost daily now, as they wend their way toward the setting sun. But we regret to see so many of them who soon turn their backs eastward, complaining of hard work or poor fare or poor pay. There will have to be a large out put this year in excess of previous years to meet the growing demands.

MORINVILLE

Two parties of surveyors passed through this village recently, locating the line of railroad for the Canadian Northern Railway going to Athabasca Landing.

John Gross has finished a warehouse for Chechny and Ringette, merchants.

The Morinville Milling company has received considerable new wheat this week.

Matheson and Hittinger have rented O. Gouin's warehouse on lot 11, and are buying oats. Good oats are worth 25c per bushel in this town.

Joe Dagenais has been appointed foreman to repair the government road between Morinville and St. Albert.

D. Teller is building a private residence here.

O. N. Lavallee is putting an addition to his hotel, which when finished will be a good improvement to the village.

We had the pleasure of a visit from Mr. Savard, of the Edmonton Lands Office, last week. He spent his holidays at the Morinville hotel.

Matheson and Hittinger have received quite a lot of good oats during the past few days.

LEUDUC.

Reard, Nov. 13th.
D. Wade Co., Ltd., have fitted up a branch office on main street. They are occupying the building recently vacated by Wilkinson & Lund.

Wilkinson & Lund have moved their new butcher shop into the Bush block. Mr. Bush has moved into his new residence across the track.

Mrs. W. J. Gibson and five children departed for Edmonton Wednesday night where they will reside during the winter.

Alex. Bush has commenced the erection of his opera house on lot adjoining Wilkinson & Lund's butcher shop.

Foreman M. L. Madison and foreman Rogers, with their gangs of telephone line constructors, to the number of about seventy-five men, are camped on either side of our town and will meet as a few days, when the line will be completed between Calgary and Edmonton. The work has been carried on since the 1st of June, and has been the means of employing a large amount of labor. They are a genial lot of fellows and we were glad to meet a number of them. Other men are at work stringing wire.

ACCIDENT TO KITCHENER

Simla, India, Nov. 16.—Lord Kitchener, commander-in-chief of the British forces in India, has met with a serious accident while riding home alone from a country house near here.

As he was passing through a tunnel his horse became frightened and collided with the walled side.

One of Lord Kitchener's legs was broken in two places.

Some time afterwards coolies passing through the tunnel found the commander-in-chief lying there helpless and brought him to Simla. He is now reported to be doing well.

Although accustomed to the tunnel, Lord Kitchener's horse was suddenly frightened by coming upon a native. The animal reared and jammed its rider against a beam in the side wall. His legs were twisted and both bones snapped above the ankle.

Upon discovering the identity of the injured man, the coolies halted and left him lying on the ground.

where he suffered greatly for half an hour. The broken bones have been set, and, after having passed a good night, the general is in a cheerful mood. It appears that Lord Kitchener had informed the members of his staff that he was not going out for a ride, but later changed his plans, hence he was alone when the accident occurred.

NOTICE
